

Short cut through Efford valley from Highview school

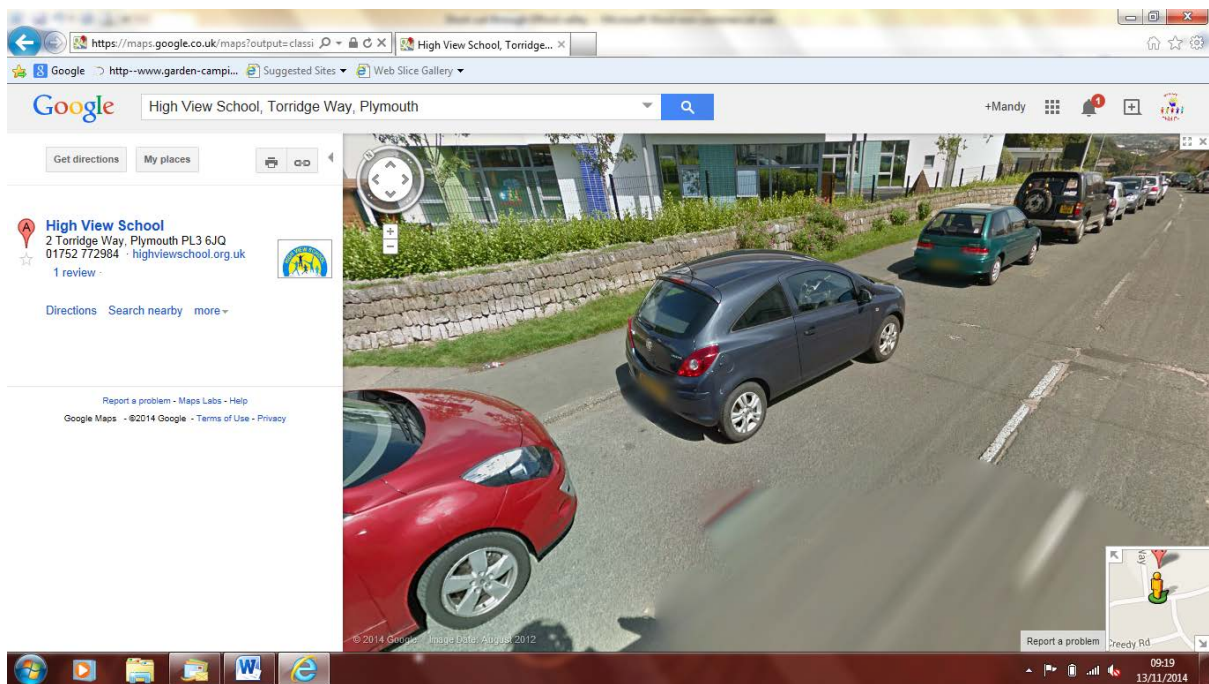

Starting off at the school,

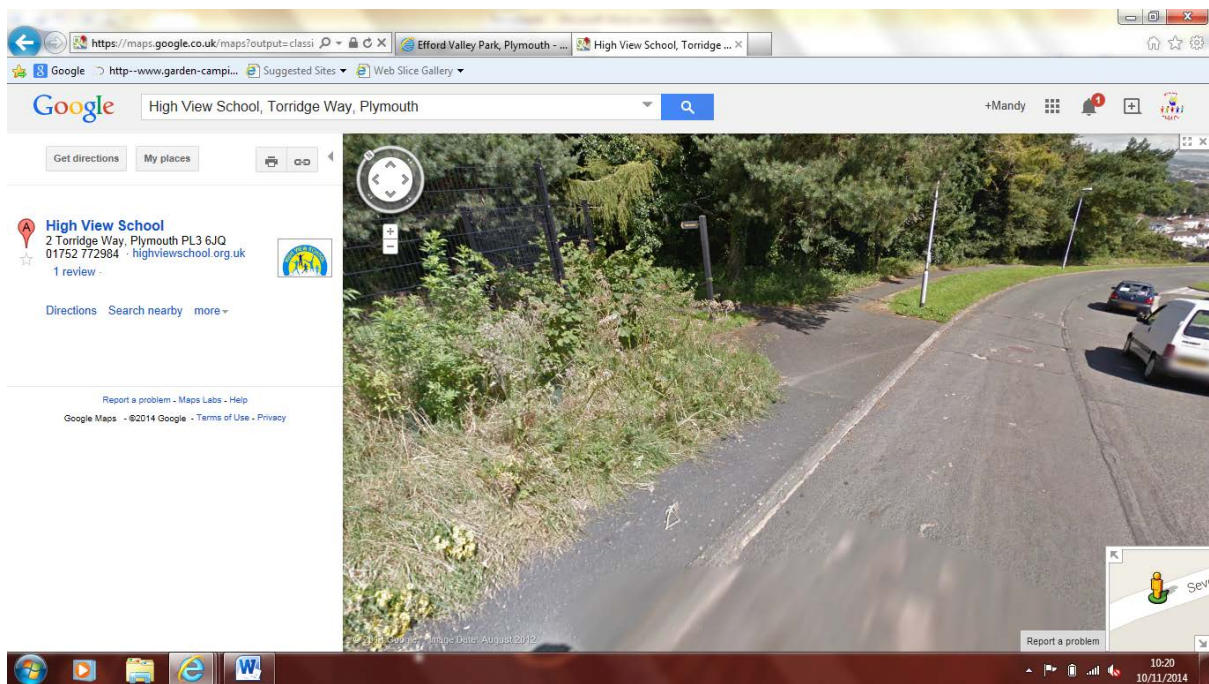

Go past reception to the end of the path and turn left

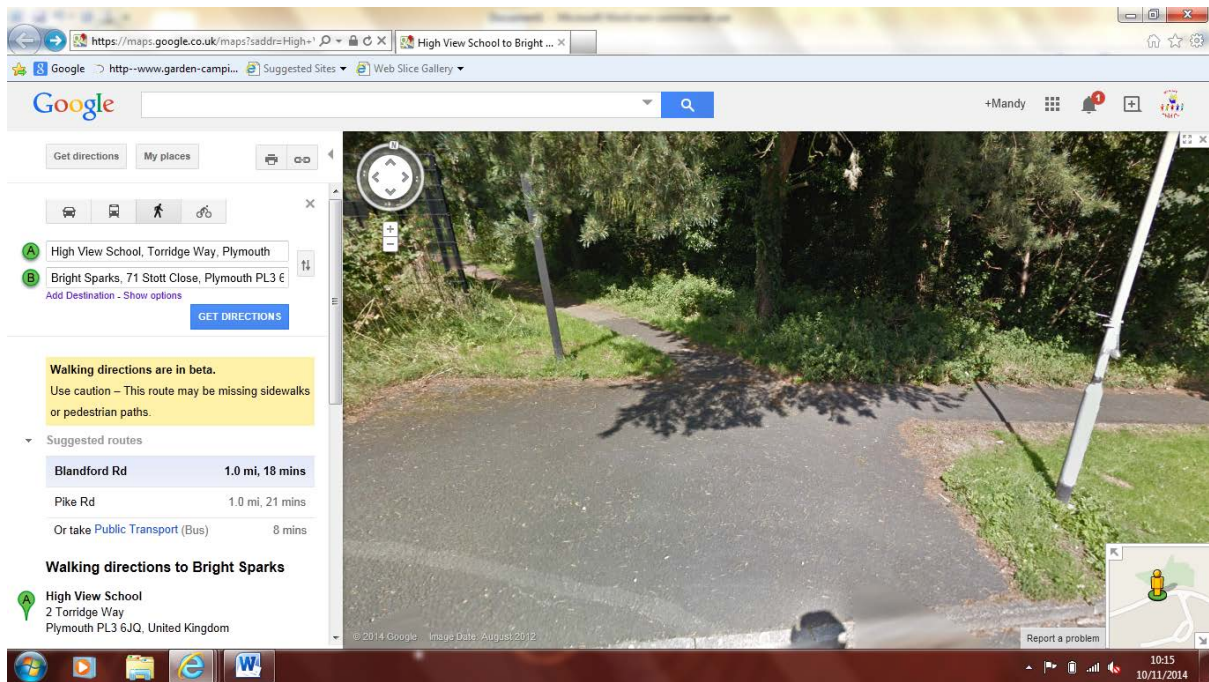

Walk down the hill a short way past the school side entrance,

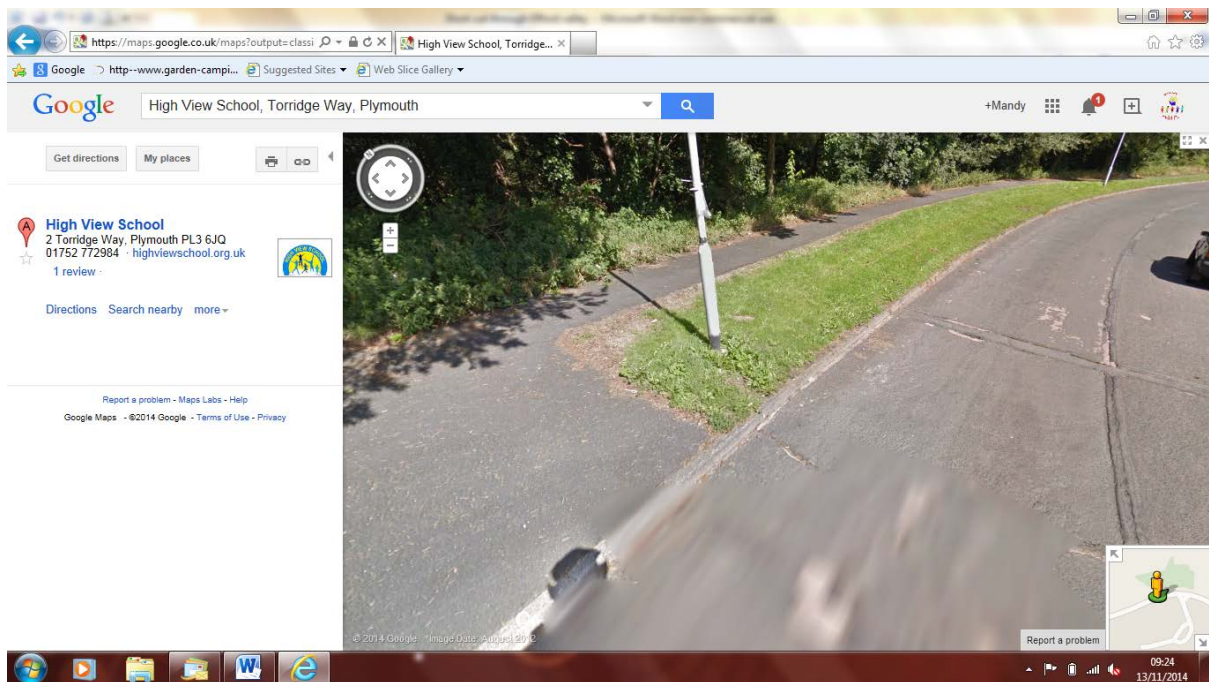

opposite Severn Place there is an entrance to the Valley

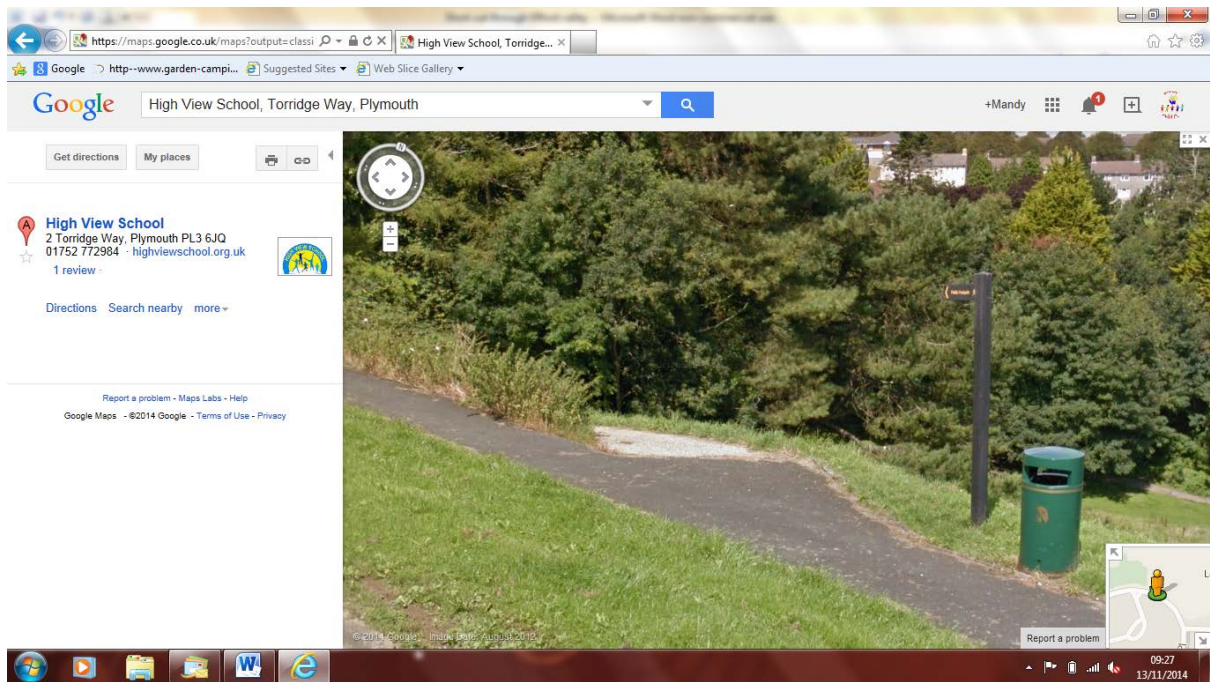

Take the right path.

Follow it down, turning left into the valley

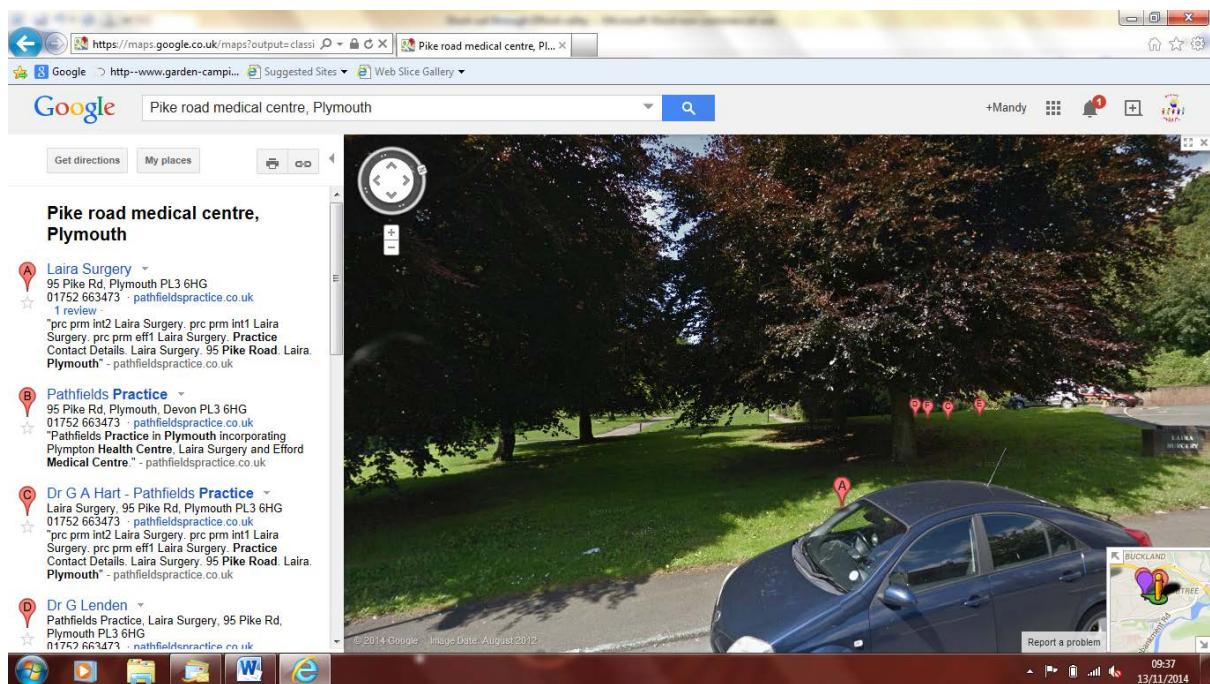

This path meanders down through the valley and comes out by the medical centre. This is a beautiful walk in the summer, but it is quite steep so be careful in bad weather.

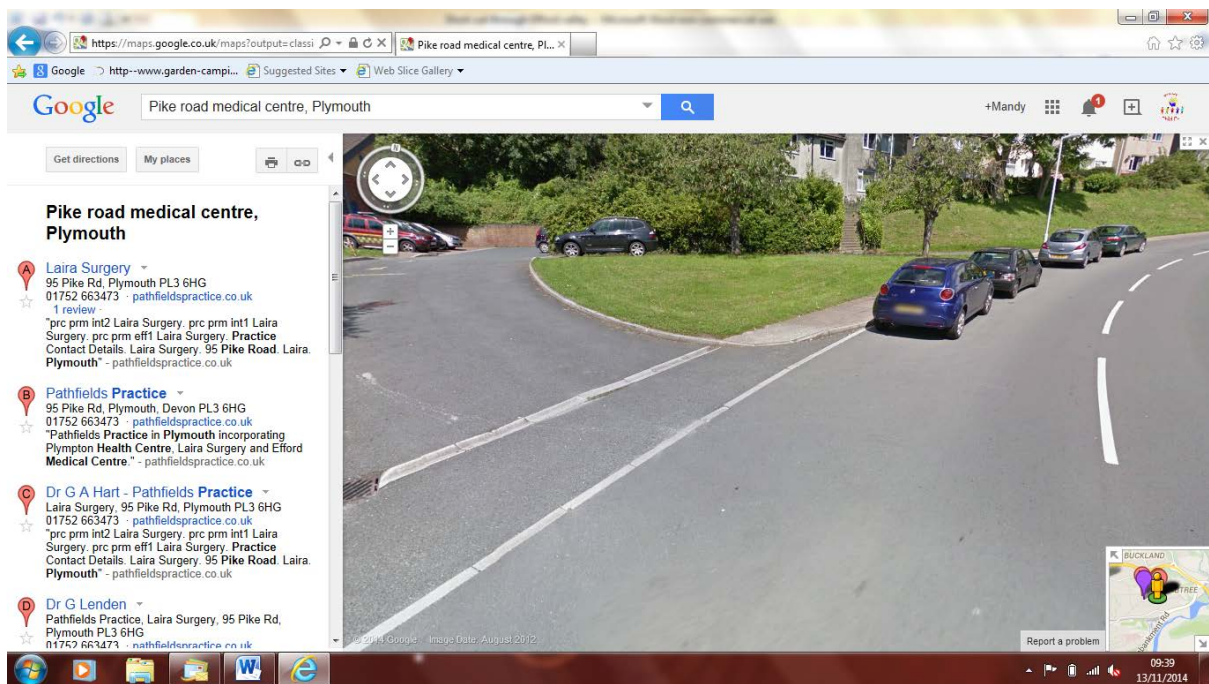

Once at the bottom (by the medical centre)

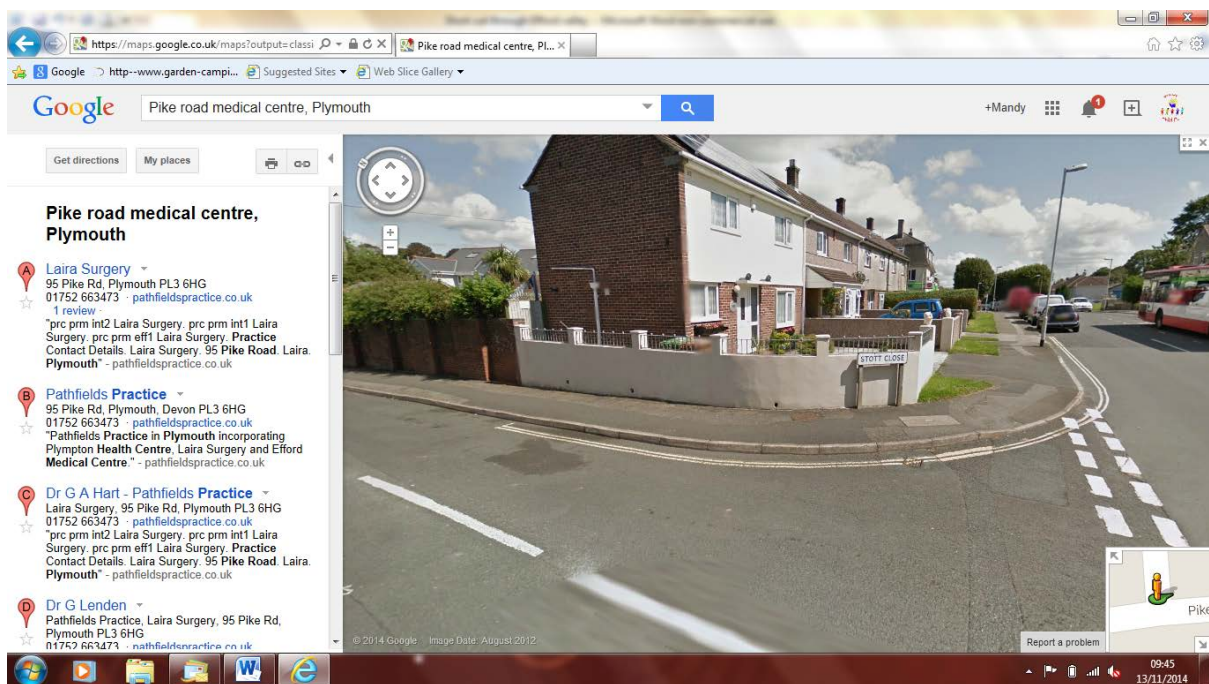

turn left onto Pike road and walk up the hill,

Stott close is a way up on your left just before the Co-op.

You can see our entrance as soon as you enter the close
